QualiTools for IT-Trainers

How to improve IT training,
learning results
and
their transfer into practice

www.qualitools.net

Based on an analysis of the quality situation in IT training in European countries the project QualiTools develops:

65 ready-to-use tools with detailed descriptions in all partner country languages (EN, PL, DE, BG, PT) available on the project website for free:

- **QualiTools methods handbook for IT trainers available as a hard-copy and as a pdf download**
- **an online QualiTools database**

MOREOVER, THE PROJECT PROVIDES:

- a manager guide for QM managers and training organisation managers to implement these methods in their organisations
- an accompanying study that will show how effective the developed methods, the manager guide and the valorisation events are.

Within the project the following events will take place:

- 2 workshops with IT trainers in each partner country and 2 international webinars with IT trainers to valorise the developed methods
- 1 workshop with managers in each partner country
- 1 final valorisation conference taking place in Poland
- 2 national valorisation conferences in Austria

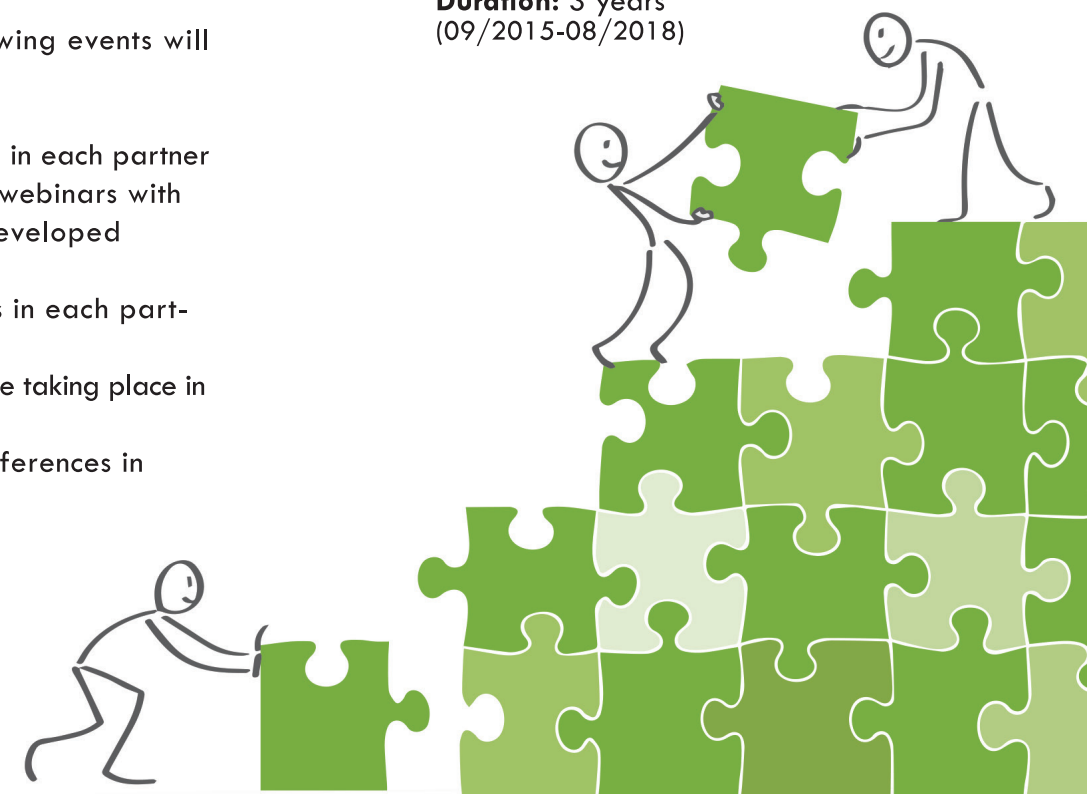

THE PROJECT TARGET GROUPS ARE:

ICT teachers, trainers and tutors:

- In vocational schools
- In enterprises & in VET organisations providing non-formal or formal further ICT training certificates.
